SAMUEL LLOYD MORRIS

INTRODUCTION

Senior Furniture & FF&E Designer with eight years experience creating bespoke furniture and curating refined interiors across hospitality and residential sectors. Known for a deep understanding of materiality, craft, and proportion, I combine technical precision with creative sourcing and conceptual clarity. My role has evolved to leading FF&E direction on hospitality projects — developing cohesive furniture collections and utilising AI to accelerate design exploration and ideation.

EXPERIENCE

- Lumi Interiors

SENIOR FURNITURE & FF&E DESIGNER

Apr 2026 – Present

Leading specification and design of furniture, fixtures, and equipment across luxury hospitality and residential projects, managing packages from concept through installation.

- Specify FF&E packages balancing aesthetic, functionality, and client requirements

- Manage packages at scale with attention to material selection and technical specification

- Coordinate with architectural and interior design teams

- Oversee implementation and quality control

- Develop material schedules and technical documentation
- Studio Shayne Brady (formerly Brady Williams Studio)

SENIOR FURNITURE & FF&E DESIGNER

Feb 2024 – Apr 2026

Leading the design and curation of FF&E across hospitality projects, including bars, restaurants, and hotel suites. Defining creative direction, sourcing, and bespoke furniture design to align with project narratives, budgets, and timelines.

- Developing bespoke and off-the-shelf furniture selections, integrating vintage and antique pieces.

- Creating FF&E collections and concept boards for client presentations and CGIs.

- Introducing AI-assisted ideation workflows to expand creative options and reduce design time.

- Mentoring junior designers, managing design development and technical accuracy.

- Designing and overseeing production of the studio's exclusive furniture collection.
- Shalini Misra Ltd & Curio Space

SENIOR PRODUCT & FURNITURE DESIGNER

Nov 2022 - Feb 2024

Directed product and furniture design for Shalini Misra's range and Curio Space, blending heritage aesthetics with sustainable materials.

- Designed and prototyped the Atelier range with artisan craftspeople.

- Led collaborations with CC Tapis and Coat, contributing to brand expansion.

- Managed design strategy, pricing, and supplier communications.
- Bryan O'Sullivan Studio

FURNITURE DESIGNER

Dec 2021 - Nov 2022

Contributed to the studio's furniture collection and bespoke client pieces, combining historical references with contemporary craftsmanship.

- Oversaw the full design lifecycle from sketch to manufacturing and marketing.

- Collaborated closely with interior teams on hospitality and residential projects.

- Supported investor presentations with design visuals and prototypes.
- Francis Sultana

FURNITURE DESIGNER & PRODUCTION MANAGER

Sep 2019 - Dec 2021

Developed bespoke furniture, upholstery, and lighting for residential and hospitality interiors.

- Led product development in collaboration with Francis Sultana.

- Managed Italian manufacturing partners, site visits, and quality control.

- Delivered custom pieces for projects including Hotel Capris and high-end residences.
- Swoon Editions

JUNIOR FURNITURE DESIGNER

Jan 2018 - Sep 2019

Designed new products for large-scale manufacture and developed technical documentation.

- Created the Swoon Design Library to improve asset consistency and workflow.

- Supported show-home collaborations and UK retail rollouts.
- The Design Museum

RUBBISH CHAIRS WORKSHOP

2017

- After a successful London Design Festival 2017, ran a workshop to encourage young people to pursue a design education.
- London Design Festival

RUBBISH CHAIRS WORKSHOP

2017

- Creating chairs with unlikely objects found in the local area, encouraging public participants to rethink waste and an item's properties
- Matter of Stuff

Intern

2017

- London Design Festival preparation

- Graphic design

TECHNICAL & CREATIVE SKILLS

- Design Tools

Flora.ai, Kive.ai, ChatGPT, Cinema 4D, Rhino, AutoCAD, Corona Render, Keyshot, Adobe InDesign & Photoshop
- Specialisms

Bespoke furniture design, FF&E curation, supplier liaison, material specification, joinery detailing
- Innovation

AI-assisted visualisation, concept development, digital workflow optimisation
- Leadership

Project direction, mentorship, presentation, collaboration across disciplines
